SENATE HOUSE
The 18th May 1908.

G. THIBAUT,
Registrar.

BIHAR SCHOOL OF ENGINEERING.

PROSPECTUS FOR ADMISSION.

THIS school is under the management of the Principal of the Patna College, assisted by a Board of Visitors. It owes its origin to a fund raised by residents of Bihar to commemorate the visit to India of His Majesty the King when Prince of Wales The object of the fund was the promotion of technical instruction in Bihar. The school was formally opened on the 11th July 1896 by His Honour the Lieutenant-Governor of Bengal.

2. The number of students admitted to the first-year class of each year will be limited to 60. Preference is to be given to Biharis. Failing, however, a sufficient number of Bihari applicants, students who are natives of other provinces may be admitted, preference being given to Bengalis domiciled in Bihar over non-domiciled Bengalis or other applicants.

As far as accommodation is available, students who have passed the final "B" class examination will be admitted to the second-year class, provided they are not over 21 years of age, preference again being given to Biharis and domiciled Bengalis.

3. The school, as at present constituted, is chiefly engaged in training students for appointment as Sub-Overseers and Overseers.

The curriculum includes—

(1) A sound study of elementary mathematics.
(2) Careful training in survey work.
(3) Drawing, both free-hand and engineering.
(4) Elements of road-making and the construction of simple buildings.
(5) Workshop practice, with hand tools and machinery.

Students are prepared for the Overseer certificate of the Public Works Department. The necessary additional buildings have now been completed; and Government has agreed to reserve one appointment annually for a qualified student from this school, who must be a Bihari by race.

4. The next session will commence on 6th July 1908.

5. In the Overseer Department, which corresponds to the Apprentice Department of the Sibpur College, the monthly fee is Re. 1-8, except for non-domiciled Bengalis, who shall pay Rs. 3. All scholarship-holders, however, receive free tuition. Government scholarships of the value of Rs. 7 a month, tenable one year, are awarded each year on the results of the annual examinations, *eight* being tenable in the second-year class, *six* in the third-year class, and *six* in the fourth-year class. Of the scholarships attached to the school, 75 per cent. are to be reserved for those students who are Biharis by race. The teaching is in English.

6. Candidates for admission to the Overseer Department must be under 20 years of age, and must have passed one of the tests mentioned below:—

(1) The Entrance Examination of an Indian University in English and mathematics.
(2) Standard VII of the Code of European schools.
(3) Students who have not passed either of these tests, and who are otherwise eligible, will have to pass an examination in English and Mathematics (of about the same standard as the Entrance Examination of the Calcutta University in these subjects) to be held by the Principal of the Patna College on the 7th and 8th July, respectively (from 6 A.M. to 9 A.M each day).

7. Candidates for admission must apply to the Principal not later than the 30th June. Their application must give the following particulars:—

(*a*) Name, address, and occupation of father or guardian.
(*b*) Race and religion. (A domiciled Bengali must produce evidence to show that his father with his family has taken up his residence in Bihar.)
(*c*) A certificate of good moral character from last head-master.
(*d*) An attested certificate of age (showing that he is under 20 years of age).
(*e*) A medical certificate showing him to be fit for employment in the public service.
(*f*) A certificate of having passed either of the first two of the three tests mentioned above, failing which the application will be kept pending till a certificate showing that the candidate has passed the third test is given to the Principal.

8. There is also an Amin class, admission to which may be obtained by students who do not know English. In the Amin class the course of study is for one year, and the monthly fee is Re. 1. An Amin-student is taught elementary surveying with a corresponding amount of mathematics and of geometrical drawing. He will not be admitted to the workshop. A student in the first-year class of the Overseer Department, who fails to pass the examination for promotion to the second-year class, but who has shown an adequate knowledge of elementary surveying and the other subjects taught in the Amin class may, at his option, leave the school with an Amin certificate.

Candidates for Amin class, who have not passed the Middle English or Middle Vernacular examination, will be examined at the school on the 8th July; candidates failing at this examination will not be admitted.

9. Except in very special cases, a student will not be admitted to the Amin class for the session that commences from 6th July 1908, unless application for admission is made before 30th June 1908.

10. All candidates for admission to the school should present themselves personally at the school on 6th July.

11. There is a hostel in connection with the school. The fees are Re. 1-8 for room and Re. 1 for light. Students make their own mess arrangements. Students joining the Overseer classes must reside in the hostel unless they are residents with parents or with nearly related guardians whose homes are near enough to enable them to attend the school at the required times. The Principal of the College will decide whether a student should reside in the school hostel, or whether the guardian proposed can be accepted as such.

* This term includes employment under Local Boards and foreign bodies if such is pensionable by the British Government.

2. The candidate should apply to an Examiner of Public Works Accounts, not later than 30 days previous to the date fixed for the examination, and obtain his consent to conduct the examination, if examination at the College is not convenient. The application must bear the address of the candidate, must be accompanied by a fee of Rs. 10 and the following certificates, and must be forwarded by him, not direct to the Principal, but through the Examiner.

Certificates may be submitted in original, or true copies attested by an officer of the Engineer or Accounts Branch, but none will be returned:—

(1) Certificate of good character signed by applicant's immediate official superior, or by the instructor under whom he has been educated, or by some other superior under whom he may have been brought up or employed, or to whom he may be well known. (This certificate must have special reference to the two years immediately preceding the application.)

(2) Certificate of age (baptismal or of birth) not required, if the candidate is already in permanent Government employ.

(3) Certificate that the application is in the candidate's hand-writing.

NOTE.—A candidate already in Government service should, in like manner, submit his application, through his immediate official superior, to an Examiner of Accounts qualified to hold the particular examination, and should state whether he desires to be examined at the office of the Examiner of Accounts concerned or at the College.

It will rest with the Examiner of Accounts, to whom the candidate submits his application, to decide, on a consideration of the certificates submitted, whether the candidate should be allowed to appear for the examination, or whether his application should be rejected. The Examiner of Accounts will then forward to the Principal for registration the names of the accepted candidates. The names of these candidates should be entered in a statement showing their ages and their addresses, and also showing where each candidate is to be examined, whether at the College or at the office of the Examiner of Accounts. This statement, together with the fees, should be transmitted to the Principal not later than 15 days after the dates fixed in paragraph 2 for the submission of applications of candidates.

3. Examination papers that are issued for examination need not be returned.

4. Each examination is complete in itself. A candidate who has failed in an examination, and presents himself for examination on a subsequent occasion, must undergo the full examination and furnish fresh fee and certificates.

5. If from any cause a candidate fails to appear for the examination, the fee paid will not be refunded.

6. Passed candidates should apply, not to the Principal of the College, nor to the Accountant-General, Public Works Department, but direct to the Examiner of Public Works Accounts, in the province or railway under whom they may desire to be employed.

7. It must be distinctly understood that the passing of this examination does not give any claim to an appointment, and that in making appointments, preference will be given to qualified persons who are already employed in the Department.

8. The Civil Engineering College acts solely as an examining body in reference to admission to the 4th grade of Accountants, Public Works Department.

9. Candidates for the 4th grade Accountantship examination, who are not Government servants and over 25 years of age, are allowed to appear at the examination, at the Sibpur College centre only, but, even if successful, they are debarred from employment in the service of Government, and their names will be excluded from the list of passed candidates which is furnished to the Accountant-General, Public Works Department.

10. Candidates over 25 years of age should apply in writing to the Principal of the Civil Engineering College, not later than 30 days previous to the examination; the application to be accompanied by the fee of rupees ten.

(*b*) "Book-keeping" by Ball and Hamilton.
"Book-keeping" by double and single entry, by W. Inglis (Chambers' Educational Course).

1. The examination is held annually at the Civil Engineering College, Sibpur, on the first Monday in July. The examination will be conducted, either at the College, or by an Examiner, Public Works Accounts (including Railway and Telegraph), in Bengal, Assam, and Burma only. The examination will be *ipso facto* vitiated if it be not held (begun and completed) on the dates fixed; but the officer who will conduct the examination may make his own arrangements, in regard to the *place* and *hour* of examination, with the candidates.

Candidates will not be examined in any of the Calcutta offices.

A candidate already in permanent Government employ* may be allowed to compete in the examination, even if he is more than 25 years of age, and may be appointed to an accountantship if he passes it; but if he is not already in pensionable service, he will be eligible only for appointment to the non-pensionable establishment on State Railways.

* This term includes employment under Local Boards and foreign bodies if such is pensionable by the British Government.

2. The candidate should apply to an Examiner of Public Works Accounts, not later than 30 days previous to the date fixed for the examination, and obtain his consent to conduct the examination, if examination at the College is not convenient. The application must bear the address of the candidate, must be accompanied by a fee of Rs. 10 and the following certificates, and must be forwarded by him, not direct to the Principal, but through the Examiner.

Certificates may be submitted in original, or true copies attested by an officer of the Engineer or Accounts Branch, but none will be returned:—

(1) Certificate of good character signed by applicant's immediate official superior, or by the instructor under whom he has been educated, or by some other superior under whom he may have been brought up or employed, or to whom he may be well known. (This certificate must have special reference to the two years immediately preceding the application.)

(2) Certificate of age (baptismal or of birth) not required, if the candidate is already in permanent Government employ.

(3) Certificate that the application is in the candidate's hand-writing.

NOTE.—A candidate already in Government service should, in like manner, submit his application, through his immediate official superior, to an Examiner of Accounts qualified to hold the particular examination, and should state whether he desires to be examined at the office of the Examiner of Accounts concerned or at the College.

It will rest with the Examiner of Accounts, to whom the candidate submits his application, to decide, on a consideration of the certificates submitted, whether the candidate should be allowed to appear for the examination, or whether his application should be rejected. The Examiner of Accounts will then forward to the Principal for registration the names of the accepted candidates. The names of these candidates should be entered in a statement showing their ages and their addresses, and also showing where each candidate is to be examined, whether at the College or at the office of the Examiner of Accounts. This statement, together with the fees, should be transmitted to the Principal not later than 15 days after the dates fixed in paragraph 2 for the submission of applications of candidates.

3. Examination papers that are issued for examination need not be returned.

4. Each examination is complete in itself. A candidate who has failed in an examination, and presents himself for examination on a subsequent occasion, must undergo the full examination and furnish fresh fee and certificates.

5. If from any cause a candidate fails to appear for the examination, the fee paid will not be refunded.

6. Passed candidates should apply, not to the Principal of the College, nor to the Accountant-General, Public Works Department, but direct to the Examiner of Public Works Accounts, in the province or railway under whom they may desire to be employed.

7. It must be distinctly understood that the passing of this examination does not give any claim to an appointment, and that in making appointments, preference will be given to qualified persons who are already employed in the Department.

8. The Civil Engineering College acts solely as an examining body in reference to admission to the 4th grade of Accountants, Public Works Department.

9. Candidates for the 4th grade Accountantship examination, who are not Government servants and over 25 years of age, are allowed to appear at the examination, at the Sibpur College centre only, but, even if successful, they are debarred from employment in the service of Government, and their names will be excluded from the list of passed candidates which is furnished to the Accountant-General, Public Works Department.

10. Candidates over 25 years of age should apply in writing to the Principal of the Civil Engineering College, not later than 30 days previous to the examination; the application to be accompanied by the fee of rupees ten.

ROAD CESS.

Dated Calcutta, the 26th May 1908.

RESOLUTION.

Receipts and Expenditure of the District Road Funds in the districts of Darjeeling, Singhbhum and Sonthal Parganas during 1906-1907.

READ—

Annual Reports and Accounts of the District Road Funds in the districts of Darjeeling, Singhbhum and Sonthal Parganas for the year 1906-1907, received from the Commissioners of Divisions concerned.

Read again—

Annual Reports and Accounts of the District Road Funds in Bengal for the previous year and the review thereof.

REMARKS.—The Bengal Local Self-Government Act of 1885 was in force in 1906-1907 in all the districts of the Province except the following:—

Darjeeling. Singhbhum.

Sonthal Parganas.

In the Darjeeling district and in the Dhalbhum and Porahat parganas of the Singhbhum district, the Cess Act of 1880 was in force during the year under review It was also in force in certain tracts of the Sonthal Parganas from 1st September 1901, while the other Parganas of the Singhbhum district and other tracts of the Sonthal Paganas district were not under the operation of either of the above Acts.

RECEIPTS.

2. In the Darjeeling district, and in the Dhalbhum and Porahat parganas of the Singhbhum district in which the Cess Act was in force, the cess was levied at the maximum rate allowed by law. In the tracts of the Sonthal Parganas, however, in which the Cess Act was introduced, there were cess collections for the first time during the year. For the portions of the Sonthal Parganas and Singhbhum districts which were not under the operation of the

Act, and in which therefore there were no cess collections, funds were provided by grants-in-aid. The receipts for the year 1906-1907, compared with those of the previous year, are shown below :—

3. In the Darjeeling district the decrease under the head "VI—Provincial Rates" under "Cess on lands" was due to the fact that certain amounts due for the year 1906-1907 were paid in advance in 1905-1906. The increase under the head "Grant from Government" was mainly due to the crediting during the year (1) of the sum of Rs. 11,000 which was at first paid by the Committee to Government for improving Panighata to Naxalbari-Tirihana road and subsequently refunded by Government, and (2) of the sum of Rs. 11,000 which was specially sanctioned by the Commissioner to augment the resources of the district.

4. In the Sonthal Parganas the decrease in the total receipts was mainly due to the decrease under the head "Grant from Government" owing to the eduction of the special grant received during the year from the Commissioner.

5. The following table shows the outlay incurred in 1906-1907, compared with that of the previous year:—

6. In the Darjeeling district the increase in expenditure under Communications—Repairs—was mainly due to the adjustment during the year of a

heavy sum of advances made to the Executive Engineer, Darjeeling Division, for repairs to road cess bridges in his charge during the previous years. In this district the year opened with a balance of Rs. 25,777, but closed with a balance of Rs. 38,493. This closing balance was more than one quarter of the year's receipts of the Committee, that is, above the limit prescribed in paragraph 9 of the Resolution No. 4228R.C., dated 18th December 1885; but this is allowed in Bengal Government No. 5106R.C., dated 26th September 1892, as a special case. It has been proposed by the Chairman to devote this balance to (1) making a shorter road to Rongli-Rongliot, (2) improving the road to Panighata, and (3) metalling the road Naxalbari to Kharibari.

7. In the Singhbhum district the year opened with a cash balance of Rs. 23,189, but closed with a balance of Rs. 17,591, which was excessive.

8. In the Sonthal Parganas district also the year opened with a cash balance of Rs. 93,542, but it closed with a balance of Rs. 92,414, which was excessive. The cause of this heavy closing balance was mainly due to—

(*a*) the difficulty in obtaining suitable contractors to work in distant parts of the district notwithstanding special efforts to obtain them;

(*b*) the insufficiency of rates provided in the sanctioned estimates based on the schedule of rates.

9. Of the total expenditure incurred during the year, Rs. 1,06,288 was devoted to Civil Works, while the outlay under other sub-heads, exclusive of "Suspense Accounts" was Rs. 48,048 in the aggregate. The distribution of the outlay on Civil Works is as follows:—

District.	Original Works.				Repairs.				Total works and repairs.	Establishment.	Tools and plant.	Petty establishment.	Total Civil Works.

11. *Repairs.*—The total expenditure under this head was Rs. 59,870 as detailed in the table below:—

13. *Establishment.*—The expenditure under this head amounted to Rs. 24,481, thus:—

District.	Outlay on works and repairs.	Outlay on Establishment.	Percentage.
1	2	3	4
	Rs.	Rs.	
Darjeeling	23,497	1,042	4 43

Sontal Parganas	63,451	19,931	31·41
Total ...	1,02,417	24,481	23·9

In the Darjeeling district the very low percentage is due to the fact that no Engineer was employed. All the works and repairs in the hills of the district and most of those in the Terai were executed by the members of the Committee and other private gentlemen to whom the thanks of Government are due for their assistance. The sum of Rs. 1,042 spent under this head was for the public works establishment in the Terai subdivision only. The percentage in the district of Sonthal Parganas is high. In this district the charges for establishment during the year were Rs. 19,931, against Rs. 19,175 of the previous year.

ORDER.—Ordered that a copy of this Resolution, together with the Annual Accounts of the several District Road Funds, and abstracts from the reports of the Chairmen of the several District Road Committees be published in Part II of the *Calcutta Gazette*.

Ordered, also, that a copy of the Resolution be forwarded for information to the—

3. Five meetings of the Road Committee were held during the year against 4 in the previous year.

4. The budget estimate for repairs has been exceeded in respect of two roads.

[*Vide* letter No. 70 R.-F., dated 31st May 1907, from C. H. BOMPAS, ESQ., I.C.S., Chairman of the District Road Committee, Darjeeling, to the Commissioner of the Bhagalpur Division.]

1. *Working of the Committees.*—(*a*) *District Road Committee.*—There were 18 members of the Committee, 6 official and 12 non-official. Five meetings were held during the year. The average attendance was 7·6, or 42·2 per cent. at a meeting.

(*b*) *Kurseong Branch Committee.*—The Committee consisted of 9 members, 3 official and 6 non-official. Only two meetings were held during the year. The average attendance was 3·5, or 38·8 per cent. at a meeting.

(*c*) *Terai Branch Committee.*—There were 18 members of the Committee, 6 official and 12 non-official. Six meetings were held during the year including one at which there was no quorum. The average attendance was 6·3, or 35 per cent. at a meeting.

2. The year opened with a cash balance of Rs. 25,777-6-7 and an outstanding advance of Rs. 8,334-13-8. The total amount of Rs. 77,125-14-8 was available for expenditure during 1906-1907, excluding Rs. 11,000 on account of special grant from Government, which was credited twice, and Rs. 2,400 on account of grant for construction of buildings for primary schools to be repaid to the Deputy Commissioner for the purpose and not yet drawn by him. The actual expenditure during the year was Rs. 46,296-15-0 excluding Rs. 3,335-13-1, the amount advanced but not adjusted during the year. The balance on 31st March 1907 was Rs. 38,493-13-1, including Rs. 2,400 on account of grant for buildings of primary schools and excluding the outstanding advance of Rs. 3,335-13-1. The closing balance was more than one quarter's *kist* which is, as a special case for this district, allowed by the Government, as per No. 5106R.-C., dated 26th September 1892. It is proposed to devote the balance to (1) making a shorter road to Rongli-Rongliot, (2) improving the road to Panighata, and (3) metalling the road Naxalbari to Kharibari.

RECEIPTS.

3. *Provincial Rates.*—The road cess was levied in the district during the year 1906-1907 at the maximum rate of six pies in the rupee. Rupees 22,328-6-6 was collected on account of cess on lands during the year against Rs. 22,530-15-8 of the preceding year. The decrease is due to the fact that certain amounts due for the your 1906-1907 were paid in advance in 1905-1906.

4. *Contribution.*—(*a*) Rupees 13,587-3-11 was actually received from Government under this head during the year, excluding Rs. 11,000 which was paid by this Committee as contribution from Local to Provincial. There is an increase of Rs. 7,692-0-7 which is thus accounted for :—

		Rs.	A.	P.

EXPENDITURE.

Communications.

5. *Original Works.*—The sum of Rs. 3,022-15-5 was spent under this head during the year. The suspension bridge over Rongbong-Jhora, above Namsu, was completed during the year at the total cost of Rs. 7,787-4-4, of which Rs. 2,749-8-11 was charged during 1906-1907. A sum of Rs. 273-6-6, out of the estimated amount, was adjusted on account of advance made to the Executive Engineer, Darjeeling Division, for construction of a wooden bridge over the Pichla river on the road No. 29—"Phansidewa to Kharibari," during the year.

6. *Repairs* —Rupees 20,474-1-3, as per details below, against Rs. 14,617-0-1 of the preceding year, was spent under this head. The increase was mainly due to the adjustment during the year of a heavy sum of advances made to the Executive Engineer, Darjeeling Division, for repairs to road cess bridges in his charge during the previous years:—

7. A total of 2 miles of metalled and 309 miles of unmetalled district roads, including the bridges, were repaired at a cost of Rs. 600 and Rs. 19,874, or Rs. 300 and 64·3 per mile, respectively. No amount was spent on village roads during the year, as such expenditure was not considered necessary. Out of Rs. 20,474-1-3 on account of total cost of repairs, Rs. 9,123-3-9 was charged for the maintenance of certain important bridges under the Darjeeling District and Kurseong Branch Committees. The increase in the cost per mile of the unmetalled roads, is due to the circumstances stated in paragraph 6 above. The metalled road (No. 51) was taken in the list of road cess roads by the Terai Branch Committee towards the close of the year and Rs. 600 was spent on it.

8. *List of Roads.*—The total number of roads was 52, including one metalled road (No. 51) and that of village roads was 5. There were 49 district roads, as per schedule of roads corrected up to 1st October 1905, and three more roads (Nos. 26A, 50 and 51) were afterwards taken in the list by the Kurseong and Terai Branch Committees.

9. *Arboriculture.*—As there are no reserved lands on the sides of the roads, the owners of the lands were asked to plant trees by the roadsides, where necessary, at their own cost.

10. *Water-supply* —As this is attended to by the Darjeeling Improvement Fund and Government, there was no expenditure under this head.

11. *Loans.*—A sum of Rs. 4,158-14-9 principal and Rs. 3,152-2-11 interest, were paid during the year towards the repayment of loans granted by Government in 1900 and 1901 for road cess bridges destroyed and damaged by the unfortunate cyclone of September 1899.

12. *Public Works Establishment.*—There was no District Engineer under the District Committee during the year All the works in the Hills and most of the works in the Terai were, as usual, done by the Managers of the tea gardens. The Committees' thanks are due to them for their valuable assistance. The important road cess bridges were repaired by the Public Works Department at the cost of the Road Fund. A sum of Rs. 1,041-9-0, including contingencies was spent for the entertainment of an overseer and a peon under the Terai Branch Road Committee at Siliguri. The pay of the overseer was Rs. 60 with a fixed horse allowance of Rs. 20 and that of the peon was Rs. 7 per mensem.

13. *Audit of Accounts.*—The Examiner of Local Accounts, Bengal, has audited the accounts up to August 1906, and the members of the Audit Sub-Committee have audited the accounts of the whole year.

3. The average attendance of the members of the Road Committee showed a slight improvement, namely, from 3 in 1905-06 to 3·4 in the year under review. The percentage of average attendance rose from 35 55 and 33·33 in the two preceding years to 37·77. The attendance of the non-official members continued to be unsatisfactory, but it is observed that as many as 21 meetings were held. As reported last year, attempts have been made to replace some of the old members by more useful men. In submitting his nomination for the reconstitution of the Committee, however, the Deputy Commissioner reported to me that "the selection of suitable non-official members is a matter of much difficulty, in as much as facilities do not exist for rapid communication with Dumka, and persons resident in the subdivisions cannot be induced to undertake long and tedious journeys in order to attend meetings of the Committee."

4. The Committee began the year with an opening balance of Rs. 93,542, against Rs. 69,940 in the preceding year. The total receipts of the Committee during the year amounted to Rs. 1,11,112 against Rs. 1,23,828, and its expenditure to Rs. 1,12,240 against Rs. 1,00,236. The Committee received from Government a sum of Rs. 28,838 for carrying out works of improvement in the Damin-i-Koh Government estate, and expended a sum of Rs 24,461 on this account, including expenditure on roads in that estate.

5. The account of the Committee closed with a balance of Rs. 92,414. This heavy balance has been explained by the Chairman as mainly due to a difficulty in obtaining suitable contractors to work in distant parts of the district, notwithstanding special efforts to obtain them, and to the insufficiency of the rates laid down in the schedule and adopted in the sanctioned estimates. As regards the latter point, the Chairman has been instructed * * * to submit well-considered proposals revising the rates if necessary. The heavy works in which the failure to work up to the programme was most conspicuous are situated far away from head-quarters in the Damin-i-Koh, and contractors were most reluctant to work there.

6. * * * * * * * *

On agricultural improvements a sum of Rs. 1,001 was spent out of an allotment of Rs. 2,000. The details of this expenditure are given by the Chairman in paragraph 11 of his letter. The failure to spend the full allotment is disappointing.

7. The expenditure of the Committee on communications amounted to Rs. 38,623, against Rs. 42,418 spent in the preceding year. The expenditure decreased both under new works and repairs, in the case of the former by Rs. 1,177 and in that of the latter by Rs. 2,617. The cause has already been explained in paragraph 5 above.

8. During the year under review, the Committee spent a sum of Rs. 20,288 on establishment, against Rs. 19,175 in the preceding year for reasons explained in paragraphs 18 and 30 of the Chairman's report, and consequently the percentage cost of establishment on civil works expenditure has increased from 31·91 to 33·01. The total cost is, however, within the limit prescribed in the Cess Act, namely, one-fourth of the year's receipts, excluding the opening balance. As reported last year, the high percentage is again due to the failure to utilise a large portion of the income as explained in paragraph 5 above.

Abstract of the Report by the Chairman, District Road Committee of the Sonthal Parganas, on the operations of the District Road Fund of the district for the year 1906-07.

[*Vide* letter No. 287P.W., dated 2nd August 1907, from H. F. SAMMAN, ESQ., I.C.S., Chairman of the District Road Committee of Sonthal Parganas, to the Commissioner of the Bhagalpur Division.]

1. The Local Self-Government Act was not in force in this district. The provisions of the Cess Act were extended to some selected portions of the district under Government Notification No 4489R.P., dated the 20th August 1901.

2. *Working of the Committee.*—There was no change in the constitution of the Committee, which consisted of 9 members, of whom 3 were *ex-officio* and the rest non-official. The Committee held 21 meetings during the year against 20 in the previous year; of these 6 were special and the rest ordinary. The average attendance of members was 3·4 against

3·00 in the previous year, and the percentage of average attendance was 37·77 against 33 33 the attendance of the non-official members was anything but satisfactory.

RECEIPTS.

3. The year opened with a cash balance of Rs. 93,542, and the income of the Committee from all sources amounted to Rs 1,11,112 and the expenditure to Rs. 1,12,240, leaving a closing balance of Rs. 92,414 at the end of the year. This balance includes Rs. 3,080 on account of outstanding deposits. The heavy closing balance is explained as mainly due to the following causes:—

(1) The difficulty in obtaining suitable contractors to work in distant parts of the district notwithstanding special efforts to obtain them.
(2) The insufficiency of the rates provided in the sanctioned estimates based on the schedule of rates.

4. The receipts of the year consisted mainly of the Government grant-in-aid. The following table compares the receipts under the several heads of the year with those of the previous year:—

	1905-06.	1906-07.
	Rs.	Rs.

Total Receipts	1,23,838	1,11,112
Grand total Receipts including Balance ...	1,98,778	2,04,654

5. *VI.—Provincial Rates.*—The actual receipts from "Cess on land" were Rs. 4,077-12-3 during the year instead of Rs. 10,000 shown in the budget estimate, and this large difference is due to the estates borne on the revenue rolls of other districts not being valued and assessed to cesses during the year 1906-07. The cess was levied at the maximum rate allowed by the law.

6. *XXV.—Miscellaneous.*—The Sub-Overseer of Godda was fined Rs. 10 for neglect of duty, and instead of its being shown under the head of fees, fines and forfeitures it was deducted from the total cost on establishment. The increase under "Miscellaneous" is due to the amount received from the sale of stamped agreement forms having been credited to this head.

7. *XXXII—Civil Works.*—The increase under "Ferry tolls" is owing to unusually keen competition amongst the bidders The increase under "Receipts from staging bungalows" is purely incidental, and is probably due to the large number of cooly-recruiters visiting the district during the last cold weather. Out of Rs. 3,643-14-9 shown under "Contribution from private persons," Rs. 2,000 represents the donation of Rs. 1,000 each made by Mr. Malling Grant, Zamindar of Dumka Estate and the Sankara Wards Estate, towards the construction of the 2nd Dhanbhasa bridge on the Asanbani-Dhanbhasa Road and the balance of Rs. 1,643-14-9 on account of subscriptions from influential and substantial local men for construction of primary school buildings in all the subdivisions. The income under "Miscellaneous" fell off to a large extent owing to there being no rent for lac-growing and also owing to the road-side grass not being sold.

8. The decrease under "Grant from Government" is due to the reduction of special grant from Rs 6,000 to Rs. 2,500 received during the year from the Commissioner.

EXPENDITURE.

10. The total expenditure under "Land Revenue" was Rs. 24,461, against Rs. 17,655 in the year before. The increase is due to the sanction of fresh works which were found necessary out of the preceding year's unspent balance.

11. *Agricultural improvements.*—The expenditure under this head, although greater than that of the previous year, fell far short of the allotment (Rs. 2,000) made for the purpose. This is mainly due to the want of proper supervision over these works, which are scattered over the Damin at a considerable distance from each other; Rs. 514 was spent in deepening tanks and improving bundhs in the Damin for the storage of water for the purpose of irrigating rice-fields, &c., and Rs. 170 was spent on agricultural experiments.

12. *Sanitary improvements.*—Rupees 2,161 was expended in constructing, repairing and improving tanks, wells and bundhs in the Damin.

13. *Provincial rates.*—Rupees 6 was spent on costs of the certificate procedure for realizing the arrears of the road and public works cesses and Rs. 197 on valuation works.

14. *Civil Buildings—Original works.*—Rupees 226 was spent by the Subdivisional Officer of Dumka towards the construction of the three primary school buildings at Fatehpur, Chorekata and Katikund in the Dumka subdivision. The cost was met out of the special grant of Rs. 8,160 placed at the disposal of the District Road Committee by the Education Department for constructing certain primary school buildings in this district.

15. *Civil Buildings—Repairs.*—Rupees. 141 shown against "Repairs" represents the amount of the municipal taxes and the cost of some minor repairs paid for the Road Office buildings.

16. *Communications—New Works.*—The expenditure of Rs. 14,679 was incurred on several works as actually found necessary.

17. *Communications—Repairs.*—The expenditure fell from Rs. 26,561 in the year 1905-06 to Rs. 23,944 during the year. The decrease is mainly due to the advance drawn for repairs of certain roads in the district not having been adjusted before the year closed and also to the lapse of the allotment for certain roads under the District Engineer.

18. *Establishment.*—The expenditure was in excess of that of the previous year. The increase is attributable to the entertainment of a temporary establishment, including a Supervisor and Famine Estimator, at a cost of Rs 2,488, against Rs. 1,800 in the previous year, and also to the payment of grain-compensation allowance of Rs. 151 to the permanent establishment.

19. *Tools and Plant.*—The expenditure under this head was Rs. 2,015 against the Budget provision of Rs. 500. The excess of Rs. 1,515 is due to the purchase of two Bull's patent hand-dredgers and two contractor's pumps urgently wanted for the Gumra bridge-works.

20. The important works carried out during the year both under the Road Fund and Land Revenue are given below with amount spent for each:—

Road Fund.

21. There was no change in the classification of the scheduled district and village roads under charge of the District Road Committee. During the year 42 scheduled roads with a total mileage of 832½ miles were maintained at a total cost of Rs 23,036, against Rs. 25,456 in the previous year. Of the total length, 15½ miles were metalled and the rest unmetalled, and of the total cost Rs. 390 was spent on the former and Rs. 22,646 on the latter class. The cost per mile of metalled road was thus Rs. 25·1 and of unmetalled roads Rs. 27·7. Several important roads were improved during the year by the construction of *pucca* bridges and culverts and by gravelling some of the *kutcha* portions.

22. The total number of scheduled village roads was the same as in the previous year. Four roads with a total mileage of 33 miles were maintained at a cost of Rs. 455, the cost

per mile being 13·7. No substantial improvement was effected in the present condition of the village roads. The expenditure on repairs is classified in the following table:—

23. *Railway feeder roads.*—The construction of new feeder roads, viz., Bhagaya-Shahabad and Tinpahar-Borio Roads, was taken up, and Rs. 8,164 and Rs 1,328 respectively were spent during the year. Sanction to improve the Sahebgunge-Banjhi Road so as to make it passable for all manner of traffic throughout the year at an estimated cost of Rs. 26,615 was received during the year, but the work could not be taken in hand owing to the project not being sanctioned till February 1907.

24. *Famine relief.*—No famine-relief operations were carried out during the year, but a sum of Rs. 74 was spent in preparing projects for famine-relief works.

25. The receipts and expenditure of the three dâk bungalows under the Committee are compared with those of the previous year in the following table:—

NAME OF DÂK BUNGALOW.	RECEIPTS.		EXPENDITURE.		REMARKS.
	1905-06.	1906-07.	1905-06.	1906-07.	
1	2	3	4	5	6
	Rs.	Rs.	Rs.	Rs.

Rajmahal ...	316	315	228	253	
Sahebgunge ...	187	138	559	358	

26. *Medical.*—There are no medical institutions under the Medical Committee, and there was thus no expenditure under this head. A sum of Rs. 335 and Rs. 82 was spent towards the construction of a dispensary building and Civil Hospital Assistant's quarters at Borio and for the additions and alterations of the Burhait Dispensary buildings out of the Estate Improvement Funds.

27. *Village sanitation.*—The scheme promulgated by Government in Circular No. 10T.-M., dated the 30th May 1903, for the improvement of sanitation of villages and rural towns was not tried in this district during the year.

28. *Arboriculture.*—There has been no change in the system of arboriculture in this district since preceding year's report. Special attention has been paid to filling in gaps of existing avenues and providing plants with gabions for which Rs 373 was spent. New nurseries have been established in the compounds of several road inspection bungalows, and *gumlas* have been provided at most of the nurseries for planting seed during the coming rains. It is reported that 1,010 new plants were planted during the year, against 753 in the preceding year. This matter has received more attention during the previous year, but the efforts were not very successful and there is considerable room for improvements.

29. *Travelling allowance of Veterinary Assistant.*—Rupees 150 was paid on account of travelling allowance of the Veterinary Assistant for the first time from this Department.

30. The following table shows the amount spent on establishment and the percentage of its cost on expenditure on Civil Works :—

YEAR.	Outlay on works and repairs.	Outlay on establishment employed on works.	Percentage.	REMARKS.
1	2	3	4	5
	Rs.	Rs.		
1905-06	60,086	19,175	31·91	
1906-07	63,451(*a*)	19,931	31·41	

(*a*) Consists of—

	Rs.
Land Revenue	24,461
Civil Buildings	367
Communications	38 623
TOTAL	63,451

The percentage is high owing (*a*) to the accumulation of funds from the lapses of allotments made for the works and repairs; (*b*) to the debit of establishment of the charges on account of such petty establishment as *malis*, *chaukidars*, &c, which are properly chargeable to work. The total cost on establishment is, however, within the limit prescribed in the Cess Act, *i.e.*, one fourth of the year's receipts, excluding the opening balance, thus :—

	Rs.
Valuation	203
Administration	1,652
Civil Works	19,931
TOTAL ...	21,786

which is less than one-fourth of Rs. 99,994, being the year's receipts.

31. *Water supply.*—There was no outlay incurred on water-supply from the District Road Fund, except on sinking a *pucca* well in the compound of the newly-constructed inspection bungalow at Moheshpur in the Pakour subdivision. A sum of Rs. 2,161 was, however, spent out of the Estate Improvement Fund in sinking wells and excavating and improving tanks and bundhs in the Damin. It is reported that the water-supply is sufficient throughout the district and that existing sources were enough for ordinary purposes.

A statement showing the thana totals of Form I, prescribed in Government Circular No. 8T.—M., dated the 15th May 1896, for several subdivisions, is appended below—

The water-supply is ample for drinking purposes both in the Damin and in the zamindari tracts, but there are many unwholesome tanks and wells in the portions of zamindari tracts that lie at some distance from the Ganges. The water-supply for irrigation purposes in the Damin is insufficient, and should be increased.
